

**Lancashire and
South Cumbria**
Integrated Care Board

Are you a Pharmacy Provider in East Lancashire/Pennine areas, including Blackburn with Darwen?

We are running a Recruitment Programme in your area!

When?

The Programme commences July 2023

Who?

Community Pharmacy Lancashire in Partnership with The NHS Lancashire and South Cumbria ICB are working in partnership to deliver this Programme.

Why do we want to help?

We understand the pressures surrounding Pharmacy want to do all we can to support recruitment and retention by adding another avenue for you to recruit from. Our Programmes have a 75-80% success rate in terms of learners being offered employment on completion of the programme. Furthermore, it is absolutely FREE to you.

Why should you be part of this programme?

There is a lot to gain from it and absolutely nothing to lose. You could be gaining a fantastic, well rounded employee who will support your workforce. What's more is that you won't have to commit any resources into a typical recruitment process, saving you valuable time, money and resources.

How we need your support to make it a success

The only requirement is that Pharmacies offer a one-week placement from the 31st July and a working interview at the end of the placement. The candidates are made aware there is no guarantee of employment, however the Pharmacies which are involved and are actively recruiting may well find the learner highly suitable for current vacancies and be offered employment.

If you would like to join the Programme, please call or email:
